Senator Joseph P. Addabbo, Jr. hosted a Super Services Day on November 2, 2023, a time when his constituents could receive triple the number of services that they would receive on a typical day. Addabbo's staff provided the same great constituent services they always do, but in addition to that there was one-on-one senior legal services in the morning with Jewish Association Serving the Aging (JASA) and social services in the afternoon with Quincy Asian Resources Inc. (QARI).

“My office aims to supply my constituents with the best services possible,” Addabbo said.

“Now we have expanded upon that by offering a one-stop-shop with three times the amount of assistance.”
