| ISSUE: **BRONX, ACCESS TO HEALTHCARE**

As the State Senator representing the 32nd District, The Bronx, I address the recent closure of BronxDocs facilities, a serious issue affecting our community's healthcare and employment since December 22, 2023.

Our Response: My office quickly engaged with healthcare providers and BronxDocs to address this crisis, focusing on restoring services and securing jobs.

Positive Developments:

- The AdvantageCare Bronx website has been updated with information on alternative care and reopening. [Visit the website](#)
- Nearby healthcare facilities have been identified for patient care during this transition, including AFC Urgent Care East Bronx, Medrite South Bronx Urgent Care, and several CityMD locations.

Commitment and Gratitude: We continue to monitor the situation, ensuring healthcare access and job security in our community. I thank everyone involved for their swift response and solidarity.
