Senator Serrano Attends “National Night Out 2024” Celebrations Across the 29th Senate District

JOSE M. SERRANO August 7, 2024

Tuesday, August 6th was the annual National Night Out, an evening where local NYPD police precincts and PSA's partner with community organizations to create an evening of fun activities for all community members to enjoy. Many groups braved the rainy summer weather to participate in this important night, which aims to create positive neighborhood camaraderie. Senator Serrano visited the events for many of the precincts and PSA's across the 29th Senate District, enjoying the festivities alongside many community members, officers, members of the precinct councils, and fellow elected officials.
