Senator Serrano Attends Assemblymember Alex Bores' Town Hall

JOSE M. SERRANO September 12, 2024

Senator Serrano attended a town hall meeting on the Upper East Side hosted by Assemblymember Alex Bores. This town hall served as a wonderful conversation between community members and their local, state, and federal elected officials who were able to provide updates on their work, and also hear the concerns of community members in attendance. Senator Serrano and Assemblymember Bores' districts overlap in the neighborhood of Yorkville. Events like this one are a great opportunity for elected officials to work together in addressing the issues that their constituents are experiencing.
