Giving Thanks: Senator Canzoneri-Fitzpatrick and Assemblyman Brown Distribute Turkeys for Thanksgiving

PATRICIA CANZONERI-FITZPATRICK November 26, 2024

Nassau County, N.Y. – In the spirit of Thanksgiving and giving back to the community, **Senator Patricia Canzoneri-Fitzpatrick** and **Assemblyman Ari Brown** joined forces to ensure local families could enjoy a holiday meal. Thanks to their efforts, a number of turkeys were secured and distributed to residents across the district just in time for Thanksgiving.

This initiative was made possible through the generosity of **Green Acres Mall**, whose support helped provide these holiday essentials to families in need. The distribution event highlights

the importance of community partnerships and the collective effort to ensure that no family is left behind during the holiday season.

"Thanksgiving is a time to reflect on our blessings and come together as a community. It's heartwarming to see the joy and relief this initiative brings to families who might otherwise struggle to put food on the table for the holiday. This is about more than just distributing turkeys – it's about ensuring that every family has the opportunity to celebrate and create lasting memories with their loved ones. I'm incredibly grateful to Green Acres Mall for their generosity and to Assemblyman Brown for collaborating on this effort to support our neighbors." said **Senator Canzoneri-Fitzpatrick**.

Residents expressed their gratitude for the distribution, which brought much-needed relief to households preparing for the holiday.
