Kristen Gonzalez

Senator Kristen Gonzalez on the Opening of the Queensboro Bridge South Outer Roadway

KRISTEN GONZALEZ May 13, 2025

| ISSUE: **PEDESTRIAN SAFETY, QUEENSBORO BRIDGE**

“Today, we celebrate a hard-fought victory for pedestrian safety in New York City. The opening of the Queensboro Bridge’s south outer roadway as a dedicated pedestrian path is a testament to the power of so many neighbors and advocates. I was so proud to rally with you all and write a letter to the city demanding the immediate opening of this pathway.

For years, the shared path on the Queensboro Bridge posed significant safety risks, with pedestrians and cyclists forced to navigate a narrow, often hazardous space. This new pedestrian-only pathway not only alleviates these dangers but also represents a step forward in our commitment to creating safer, more accessible public spaces for all New Yorkers.”
