**FOR IMMEDIATE RELEASE**

### **SENATOR ROXANNE J. PERSAUD AND SENATE MAJORITY PASS SFY 2025-26 BUDGET**

**Brooklyn, NY** – Amid significant uncertainty and looming federal cuts, Senator Persaud and the New York State Senate Majority completed passing the State Fiscal

Year (SFY) 2025-26 budget on Thursday evening, May 8th. The \$254 billion budget funds state government services through March 31st of 2026. The budget also includes a number of the Executive's proposed new laws, which were ultimately subject to months of negotiation.

"While I am relieved that the process has come to a close, some 38 days late, I am disappointed that some of my and many New Yorkers' priorities did not make it in. This year's budget resulted from many tough conversations, which will likely continue in anticipation of reduced federal funding. As the Chair of the Social Services Committee, I will continue to work in earnest with my colleagues and the executive branch to advocate for much-needed relief for the human services sector and better lift up New Yorkers in need, " said **Senator Roxanne J.
