SENATOR WALCZYK AND COLLEAGUES STAND UNITED WITH CONGRESSWOMAN ELISE STEFANIK TO CHALLENGE DEMOCRATS' FAILED LEADERSHIP

MARK WALCZYK June 10, 2025

Yesterday, Senator Walczyk and the entire Senate Republican Conference joined Congresswoman Elise Stefanik in Albany to address the Democratic Party's ongoing failures and champion the needs of New Yorkers. The coalition emphasized the urgent need for action on crime, affordability, and agricultural support, while condemning a legislative session marked by reckless spending and misguided policies.

"Here we are, another year, another failed radical reckless agenda and legislative session in New York State, passed by single Democratic rule, led by the worst Governor in America, Kathy

Hochul. I dubbed her the worst Governor in America, because she is," stated Congresswoman Stefanik. "Kathy Hochul and far-left Democrats have put New York last with this massive bloated \$254 billion budget. It is anti-worker, anti-family, anti-farmer, anti-law enforcement, anti-small business, anti-manufacturer. This is why New York is losing residents and businesses at a record pace."

Senator Walczyk remarked, "Governor Kathy Hochul is taking our state down a path of decline. We were grateful to have Congresswoman Stefanik in Albany to share insights from Washington and discuss how we can set New York on the right track."
