| ISSUE: **CONSTITUENT SERVICES**

On May 1st, Senator Serrano's office proudly hosted the New York Legal Assistance Group's (NYLAG) Mobile Legal Help Center, which provided invaluable free civil legal services to residents across Senate District 29. This initiative aimed to assist community members facing various legal issues, including housing, family law, and immigration matters. The event attracted a diverse group of individuals seeking guidance and support. We extend our special thanks to NYLAG and its dedicated attorneys for their exceptional service, as well as to The David Berg Justice Initiative, which made the Mobile Legal Help Center possible.
