

NEW YORK STATE SENATOR

Jeffrey D. Klein

# Klein Releases Comprehensive Energy Plan

Jeffrey D. Klein

September 24, 2005

***Alternative Energy Sources***

Senator Klein's proposal calls for tax credits for homeowners using a home heating fuel blend that contains at least 20 percent biodiesel fuel, increased use of solar energy modeled after a successful California program, and reinstating the sales tax exemption for the purchase of hybrid vehicles and the elimination of tolls for hybrid vehicles.
