

NEW YORK STATE SENATOR

Jeffrey D. Klein

Klein Releases Comprehensive Energy Plan

JEFFREY D. KLEIN September 24, 2005

Alternative Energy Sources

Senator Klein's proposal calls for tax credits for homeowners using a home heating fuel blend that contains at least 20 percent biodiesel fuel, increased use of solar energy modeled after a successful California program, and reinstating the sales tax exemption for the purchase of hybrid vehicles and the elimination of tolls for hybrid vehicles.
