Klein And Tuckahoe Break New Ground

[JEFFREY D. KLEIN](#) October 31, 2007

TUCKAHOE, NY—Standing at the intersection of Fisher and Young streets Senator Klein, Mayor Fitzpatrick, and Deputy Mayor Eckland picked up their golden shovels and patted down wet cement as trucks poured new life into Tuckahoe's ailing sidewalks. The Village has long been a quiet respite known for its cozy charm and quaint streets. However, when the Mayor reached out to Senator Klein to help improve Tuckahoe's sagging sidewalks, he was happy to allocate \$25,000 in Capital Improvement funds to keep Tuckahoe in shape.
