SENATOR PARKER'S FREE MOBILE SERIES KICKS-OFF TO A GREAT START

Free Passport Application Assistance Event draws crowds to get documents ready for summer travels

Brooklyn, NY- Senator Parker kicked off his annual free summer mobile event series of community outreach projects with the U. S. Passport Application Assistance Day this past Friday. Over 30 families attended the event held at the District Office from 10:00 am- 3:00 pm. Staff from the U.S. Department of State New York Passport Agency assisted constituents with their applications. Some of the families that attended brought partially completed applications and others picked up applications and all received assistance completing them on site.

“The delays many people have experienced waiting for their passports are frustrating and unacceptable. The free passport event will help ease the passport backlog so people can travel overseas to visit relatives, take a vacation, conduct business or study abroad,” said Senator Parker. “My office will continue to do everything possible to ensure residents of the 21st District receive their passports in a timely fashion.”

The event featured passport applications including form completion, photocopying of relevant documents, final checks of applications, submission and tracking of the applications. As of July 14, 2008, a passport book, passport card, or acceptable documentation is now needed for travel, said a representative from the New York Passport Agency.

In anticipation of a future trip, one of the attendees visiting the office comments, “the staff members were friendly and accommodating and everything completed in one stop.”

Senator Parker's free summer series has grown into one of the most popular events within the community, offering Central Brooklyn residents an array of services to include reduce fare metro card for seniors and small business loans advice for owners. For more information on a detailed list of Sen. Parker's 2009 summer events calendar, please contact the district office at 718-629-6401.
