Senator Squadron Statement on Comprehensive Ethics Reform

DANIEL L. SQUADRON September 9, 2009

| ISSUE: **ETHICS, LEGISLATURE**

"The Republican opposition to our strong ethics package -- sponsored by myself and Senator Sampson -- and the fact that our conference was down one vote today means we will have to wait for passage. While it is frustrating to wait, I strongly believe it is better to be able to pass our whole reform package -- made up of two crucial bills -- than to vote today on a piece of the package and come away with only half the changes we need."
