

NEW YORK STATE SENATOR

Craig M. Johnson

Statement by Senator Craig M. Johnson, (D-Nassau) Re: ABC's Dispute With Cablevision:

CRAIG M. JOHNSON March 7, 2010

"I am disappointed that ABC Disney pulled the signal, denying millions of New York area households the ability to see WABC-TV. It is time for both parties to put consumers first. Therefore I am calling on ABC Disney and Cablevision to agree to a binding arbitration process to resolve this matter. Also, it is imperative that consumers be held harmless during this process by having the signal restored immediately."
