

NEW YORK STATE SENATOR

Craig M. Johnson

Statement from Senator Craig M. Johnson, (D-Nassau):

CRAIG M. JOHNSON June 3, 2010

| ISSUE: **ELECTIONS**

“Reform does not mean changing the rules in the name of political expediency. That's the old way of doing things in Albany, and frankly, we should be better than that. If recently introduced legislation to alter how political parties achieve ballot status comes to a vote on the Senate floor, I will vote against it.”
