“Parks are an economic engine and promote tourism throughout the state. 55 Million people visit our state’s parks every year resulting in 1.9 billion in revenue. With the unemployment rate at an all-time high New Yorkers can take relief in knowing that over 20,000 jobs will now be created. With Memorial Day approaching I am certain that the residents of my district as well as New Yorkers throughout the state are eager to utilize our state’s great Parks.”
