Roberts Plywood Co. unveils new Solar Panel System!

Owen H. Johnson

October 13, 2010

Senator Owen H. Johnson joined with local officials to applaud Roberts Plywood Co. for their enthusiasm about “Going Green.” On October 2, 2010 the company unveiled a new Solar Panel System which will create clean and natural energy for the company’s operation without polluting the environment. Roberts Plywood, located at 45 North Industry Court in Deer Park, is a family owned business operating for 33 years and dedicated to the preservation of the environment.
