GET THE FACTS.

STAY UP TO DATE ON BUDGET DEVELOPMENTS.

2012-2013 EXECUTIVE BUDGET PROPOSAL

It is time to return New York State government to you, the people.

Senator Ball's "You Cut Albany" program will allow New Yorkers, such as yourself, to vote online and give their opinions regarding which specific examples of wasteful spending they would like to see cut from the State Budget. The votes and direct input provided from constituents will be used by Senator Ball and his colleagues during budget discussions -- both at Budget Conference Committee tables, as well as on the floor of the New York State

Senate. On a regular basis, new spending items will be added to the list for consideration and a new round of on-line voting by taxpayers.
