

NEW YORK STATE SENATOR

Liz Krueger

Interns and Volunteers Wanted!

LIZ KRUEGER January 28, 2011

| ISSUE: **CONSTITUENTS CORNER**

Senator Liz Krueger is looking for enthusiastic, hardworking individuals who are interested in gaining hands on experience in government. Spaces within our volunteer and intern programs in the Manhattan District Office are now available.

Program Description:

In Senator Krueger's office, volunteers and interns are an important part of the Krueger Team. From everyday functions, such as answering phones, responding to constituent emails and computer data entry, to larger projects such as policy research and event planning, volunteers and interns will gain an in depth understanding of how a government office functions. We encourage attendance at community meetings and welcome participation in staff meetings, providing volunteers and interns exposure to the intellectual debates which shape governmental decisions.

Requirements:

No prior government work necessary, just a good attitude and an eagerness to learn. Should have a certain level of comfort working with computers and learning new programs.

For more information about our unpaid volunteer and intern programs please contact Brad Usher at: bradusher@gmail.com. Space is limited.
