

NEW YORK STATE SENATOR

Mark Grisanti

Statement on Lady Gaga Remarks

MARK GRISANTI March 5, 2011

| ISSUE: **CONSTITUENTS CORNER**

q

“Lady Gaga is a terrific world renowned performer, entitled to her opinion. That is why our country is so great because you have the opportunity to have your voice be heard, and reach out to your local representatives. But Senator Grisanti has already reached out to Outspoken Equality, and is meeting with them next week.

q

Additionally, I have personally met with the Outspoken for Equality in Albany, and we had a very informative and constructive conversation. We look forward to learning more about their issues and concerns with regards to Same-Sex Marriage.”
