Statement From Senator Jose Peralta Regarding the Death of Osama Bin Laden

JOSE PERALTA May 2, 2011

"The world is a safer place today thanks to the courageous men and women fighting around the globe in defense of our freedom and the determination of their commander in chief, President Obama.

Amidst the joy on this great day for the United States, we should keep in our thoughts and prayers the thousands of victims of Osama Bin Laden's depravity and hate. I hope that this is a day of at least some solace for their loved ones."
