### **Griffo Commemorates New Purple Heart Stamp Classification U.S. Postal Service Makes Purple Heart Stamp “Forever”**

(Utica) – State Senator Joseph Griffo joined members of the Central New York Chapter 490 Military Order of the Purple Heart of the USA in commemorating the national unveiling of the new Purple Heart 'Forever' stamp by the United States Postal Service.

The U.S. Postal Service will officially unveil and issue the Purple Heart “Forever” stamp in San Diego on May 5, 2011.

Senator Griffo said that this new effort to honor military heroes that began in the New York State Senate 11 years ago has now resulted in the U.S. Postal Service announcing that the Purple Heart postage stamp has been classified as a “Forever” stamp, ensuring that it will continue in circulation.

The campaign to create the Purple Heart Stamp was started in November 2000 by Senator Bill Larkin (R-C, Cornwall-On-Hudson), a 23 year Army combat veteran. After a massive letter writing effort by the Military Order of the Purple Heart and other veterans organizations, the stamp was first issued in 2003. Since that time, a letter writing effort to continue the Purple Heart stamp had to be conducted each time the price of a first class letter changed to ensure the stamp would continue.

The new classification as a “Forever” stamp, means that Purple Heart postage stamp will continue in circulation and supporters will no longer need to advocate to maintain it each time the price of stamps increases.

“What an appropriate way to remember the wounded servicemen and women who protect us daily,” said Senator Griffo. “The U.S. Postal Service has done a great thing in establishing a permanent recognition that will honor these heroes.”

The Purple Heart is awarded in the name of the President of the United States to members of the U.S. military who have been wounded or killed in action. According to the Military Order of the Purple Heart, an organization for combat-wounded veterans, the medal is "the oldest military decoration in the world in present use and the first award made available to a common soldier."

On August 7, 1782, during the Revolutionary War, General George Washington issued an order that established a badge of distinction for meritorious action. The badge, which consisted of a heart made of purple cloth, is known to have been awarded to three sergeants from Connecticut regiments. Known as the Badge of Military Merit, the award was distinctive because it was available to the lower ranks at a time when only officers were eligible for decoration in European armies. "The road to glory in a patriot army," Washington wrote, "is thus open to all."

Although not continued after the Revolutionary War, the decoration was reinstated by the U.S. War Department (now the Department of Defense) on February 22, 1932, the 200th anniversary of Washington's birth. The redesigned decoration consists of a purple heart of metal bordered by gold, suspended from a purple and white ribbon. In the center of the medal is a profile of George Washington beneath his family coat of arms.
