Operation Community Outreach, a mobile constituent services initiative of State Senator Jose Peralta, featuring a truck with the Senator's constituent services staff aboard, is making the rounds every Monday in Central Queens through the end of August.

The truck is making morning, afternoon and evening stops in Jackson Heights, East Elmhurst, Corona, Elmhurst and Woodside.

"We're going mobile in an effort to reach out and help as many people as we can," said

Senator Peralta. "Getting out into the community this way will also help spread the word that we're available year round in the district office to provide assistance."
