

NEW YORK STATE SENATOR

Martin J. Golden

Senator Golden Calls on Mta to Purchase New Buses for Brooklyn Express Bus Routes

MARTIN J. GOLDEN October 18, 2011

Brooklyn – State Senator Martin J. Golden (R-C-I, Brooklyn), a member of the Metropolitan Transit Authority Capital Review Board, today is calling upon the Metropolitan Transit Authority and New York City Transit Authority to purchase new express buses to service the X27/X28 and X37/X38 routes in Brooklyn.

Senator Golden is responding to the announcement that more than \$113 million dollars has been awarded the United States Department of Transportation to the MTA for purposes of purchasing new buses. Senator Golden often receives complaints from the residents of Bay Ridge, Dyker Heights, Bath Beach and Bensonhurst regarding the conditions of the buses on these routes.

In his letter, Senator Golden writes, “Over the years, I have also received reports that some of the buses assigned to these routes are in fact the old buses that were taken off the Staten Island routes. As far as I am concerned, new buses are long overdue for Brooklyn residents.”

A copy of the letter is below.

October 18, 2011

Thomas Prendergast, President

New York City Transit Authority

2 Broadway

New York, New York 10004

Dear Mr. Prendergast,

I am writing to you at this time on behalf of the commuters of the X27/X37 and the X28/X38, routes that provide express bus service to Manhattan for the residents of Bay Ridge, Dyker Heights, Bath Beach and the Bensonhurst communities.

On many occasions, I have been contacted by commuters that have complained about the conditions of the buses that service these routes. Over the years, I have also received reports that some of the buses assigned to these routes are in fact the old buses that were taken off the Staten Island routes. As far as I am concerned, new buses are long overdue for Brooklyn residents.

This morning, I was glad to hear reports that the United States Department of Transportation has approved more than \$113 million in federal money to go to the Metropolitan Transit Authority for new buses. Therefore, I write to ask that in your assignment of new buses purchased with this federal funding, the X27/X37 and the X28/X38

bus routes be strongly considered.

Thank you in advance for your review and I look forward to hearing from you. If you should have any further questions, please do not hesitate to contact me at (718) 238-6044.

Sincerely,

Martin J. Golden

State Senator
