The New York State Labor Department's "Jobs Express" website takes thousands of jobs listed on the New York State Jobs Bank and sorts them by region to help job seekers evaluate what industries are growing in their area. It also helps them find out what opportunities are available in specific economic sectors. Currently, the New York State Job Bank has 42,370 job openings. According to the NYS Labor Department, there are currently 2,373 job openings in Central New York.
