Bonacic Opposes Orange and Rockland Rate Hike

JOHN J. BONACIC March 15, 2012

State Senator John Bonacic has expressed his opposition to a proposed rate hike by Orange and Rockland Utilities for electric service. O&R is proposing to increase rates by nearly \$55 million over the next two years.

Bonacic told the Public Service Commission, which must approve the rate hike, that O&R customers are already overburdened. He also said O&R should have to prove the rate hike is necessary and explain exactly how service would be better for the customers under increased rates.

The State Public Service Commission is holding public hearings in Goshen and Ramapo on O&R's plans. The Goshen hearing is today, March 15, at 4 PM and 7 PM at the Emergency Services Building auditorium at 22 Wells Farm Road. The next public hearings take place in Ramapo at Ramapo Town hall at 4 and 8 PM on Wednesday, March 28, 2012.
