Statement by Senate Majority Leader Dean Skelos on 2012-13 Budget Agreement

DEAN G. SKELOS March 27, 2012

| ISSUE: **BUDGET**

By working together with Governor Cuomo and our colleagues in the Assembly, we have turned the corner in Albany, and for the second year in a row reached a Budget agreement that continues to protect taxpayers and help the private sector create jobs. This agreement puts us in a position to deliver another early budget that controls spending and taxes, and builds on the bipartisan successes we achieved last year. I applaud Governor Cuomo for his leadership and continued partnership, and look forward to enacting a final budget that realizes many long-held Senate Republican priorities.
