Statement From State Senator Jose Peralta On President's Executive Order To Help 'Undocumented Americans'

JOSE PERALTA June 15, 2012

| ISSUE: **EDUCATION, HIGHER EDUCATION, IMMIGRATION**

"For many undocumented immigrants, America is the only country they know. In their hearts and minds they are American. Sadly, Republicans either can't, or choose not to understand this. By blocking the Dream Act, they denied millions of undocumented Americans the opportunity to achieve the American Dream.

"The president's executive order will at least afford undocumented Americans the chance to come out from the shadows and enter the economic mainstream.

"Thank you Mr. President."
