Come and Learn to be Prepared!

Community Emergency Response Teams

CERT

CERT prepares citizens to help themselves, their co-workers and their neighbors during

times of emergency. In this course citizens will learn how to:

turn on/off utilities, extinguish small fires, perform light search and rescue, organize to respond,

utilize neighborhood volunteers effectively, collect disaster intelligence to support first responder efforts,

basic emergency medical service including opening airways, controlling bleeding and treating for shock.

This training will teach you how to prepare for and deal with all types of natural and manmade disasters.

This class is available for all Greece residents.

Where: Ridge Road Fire District Headquarters

1299 Long Pond Road

Class Times:

Tuesday October 2, 9, 16, 23, 30

Thursday November 8, 2012

Tuesday November 13, 2012

All class times: 6:00 PM – 9:00 PM each night

The total class time is 21 hours. Students need to attend all sessions to truly be prepared.

Testimonial by Dan Burrell CERT Team Member

“CERT training was a confidence builder. It provided knowledge and skills that will help my family

survive and cope with any future emergency. The training also prepared me to help neighbors and my

community in the event of any natural disaster”.

For registration or more information please contact Battalion Chief Bill Timmons at cert@rrfd.org

or leave a message with Sue Davis at 453-1212.
