Senator Charles J. Fuschillo, Jr. (R-Merrick) recently joined with Long Island Cares in Roosevelt to help families in need.

Senator Fuschillo and LI Cares employees, with assistance from Roosevelt students and staff members, distributed non-perishable items and turkeys at the Roosevelt Middle School

for families in need of some assistance during difficult financial times.

“This is just a small way that we can make things a bit easier for families who have fallen on hard times during the holidays. I thank Long Island Cares for partnering with me and providing an important service to the Roosevelt community,” said Senator Fuschillo.

Long Island Cares serves individuals and families in need year round. If you would like more information or know of some families in need, please contact LI Cares at 631-582-FOOD.
