

NEW YORK STATE SENATOR

Martin J. Golden

Senator Golden Statement on Bay Ridge Recognition as a Great Place to Live, Work and Raise a Family

MARTIN J. GOLDEN February 26, 2013

Statement from Senator Golden on the Citizens Committee for Children of New York, Inc. Keeping Track report for 2013, which ranked Bay Ridge as the best place to raise children in Brooklyn:

“Keeping Track has finally proved what all of us in Bay Ridge have known for years, this is the greatest community for families. With new schools opening due to increased capital funding from my office, we are striving to shrink classroom sizes. In addition, Bay Ridge has always offered a small town community feel in a big city. It truly is an honor to represent this community.”
