Senator Martins Attends Ribbon Cutting Ceremony for New BOCES Customer Care Center

JACK M. MARTINS April 24, 2013

| ISSUE: **EDUCATION**

Senator Jack M. Martins recently attended a ribbon cutting ceremony for the Nassau BOCES new Customer Care Center. It allows the Nassau County Police to respond to emergencies in our school districts more efficiently as it provides them access to security cameras and the building layouts of the schools

The center - a central hub for district support - was created in partnership with our school districts in order to provide them with the best possible service.

The Customer Care Center provides superior technology, telecommunications and security services. Future improvements will enhance the customer experience of navigating Nassau BOCES' many programs and services. For more about the Customer Care Center, visit <http://www.nassauboces.org/Domain/953>.
