Senator Charles J. Fuschillo, Jr. (R-Merrick) recently thanked Britney Gringer of North Bellmore for serving as a student intern in his district office this summer.

During her internship, Britney assisted Senator Fuschillo and his staff with community programs, research, constituent services, and informational outreach. Britney is a student at the University of Massachusetts-Amherst where she is pursuing a degree in communications.

“We really enjoyed working with Britney this summer,” said Senator Fuschillo. “She is an intelligent young woman who was a tremendous help in my office. We thank her for her hard work and wish her nothing but the best.”
