Senator Valesky Announces Acceleration of Tully Paving Project

DAVID J. VALESKY September 9, 2013

| ISSUE: **TRANSPORTATION**

SYRACUSE, N.Y.—State Senator David J. Valesky (D-Oneida) announced today that \$1.716 million has been awarded for a paving project in Tully. Funded through the New York Works program, the project will repave Route 11 in Tully from its intersections with Route 80 to Route 20.

“I am pleased to have supported the New York Works Program created in the 2012-13 Enacted Budget and the subsequent Acceleration Initiative so that this project and many others across the state can be fast-tracked and completed as quickly as is safely possible,” Sen. Valesky said.
