Senator Mark Grisanti (R,I- 60) is scheduled to appear on "The Independents" Friday, December 20th at 9pm on the Fox News Business Network to discuss the Mixed Martial Arts legislation in the New York State Legislature. Senator Grisanti is a co-sponsor of lifting the ban on Mixed Martial Arts in New York State and has successfully passed the legislation in the Senate multiple times, with no action in the Assembly. If passed, the legislation would allow events like UFC pay-per-views to take place in New York State. According to a recent economic impact study an estimated \$33 million in new revenue for Upstate New York and \$68 million statewide would be generated if Mixed Martial Arts legislation was to be

approved. This legislation has never been taken up for a vote in the Assembly.
