

NEW YORK STATE SENATOR

George D. Maziarz

## Lockport firm awarded \$1.6 million bid to raze state office buildings in Albany

GEORGE D. MAZIARZ January 8, 2014

Senator George Maziarz (R-C, Newfane) is pleased to announced that the State Comptroller's Office has approved a \$1.6 million contract with Titanium Demolition and Remediation Group to demolish Building 1 and Building 1A on the Harriman State Office Campus in Albany. Titanium Demolition's headquarters is located in the Town of Lockport Industrial Park.

Senator George Maziarz said, "I am very glad that this local company has been chosen to help transform state government buildings in our capital to better serve New Yorkers. Titanium has a great reputation and they have done projects all over the country. The structures being razed in Albany have been vacant since 2005 and they will be removed to create a staging area for new Business Services Center."
