

NEW YORK STATE SENATOR

Andrew J. Lanza

SENATE RESOLUTION, ACCOMPANIED BY HISTORICAL EXHIBITS & PASSAGE OF VETERANS LEGISLATION, COMMEMORATES 70th ANNIVERSARY OF D-DAY INVASION

ANDREW J LANZA June 2, 2014

| ISSUE: **VETERANS**

The New York State Senate today honored World War II veterans today by adopting a resolution that commemorates the 70th anniversary of the Allied Army invasion of Normandy on June 6, 1944, a defining day in world history that marked the beginning of the liberation of Europe and the eventual end of World War II; as well as passing a package of legislation to benefit veterans, and men and women in active military duty.

“The men who fought during World War II are known as the Greatest Generation, and June 6, 1944 was the greatest day of the greatest generation,” Senator Lanza said. “On that day the largest amphibious invasion force ever turned the tide of world history from oppression to freedom, from brutality to liberty, and, less than a year later, from war to peace. And it all began with incredible bravery and sacrifice on the beaches of Normandy 70 years ago.” The Senate is proud to pay tribute to World War II veterans today.”

The Senate resolution described the extraordinary impact of D-Day: On June 6, 1944, the military might of the Allies combined for the most extensive aerial and sea borne assault ever planned; the D-Day Invasion at the beaches of Normandy, France changed the direction of World War II, and the history of the twentieth century; planned for over two years by the Allied Forces, the D-Day Invasion was an intricate coordination of the world's greatest military forces, and an exercise in cooperation that marked the turning point of the war, and the world's history.

On June 6, 1944, 160,000 troops from the United States, Great Britain and Canada landed on the French coastline at Normandy to fight Nazi Germany. More than 6,500 ships and landing craft, as well as 13,000 aircraft participated in the attack. By the end of that day, the Allies established a foot-hold in Normandy. During the D-Day invasion more than 9,000 Allied soldiers were killed or wounded.

The Senate's adoption of the D-Day resolution was accompanied by an exhibit that includes historical photos and video footage, informational panels, and a display of military equipment and memorabilia that were used by American Armed Forces at the time of the D-Day invasion. The exhibit, which concludes tonight, is located at on the Concourse Level of the Empire State Plaza (between the main Concourse corridor and the Legislative Office Building).

In addition to the resolution and exhibit, the Senate passed the following legislation to benefit veterans:

Tax Relief for Veterans

S4136A sponsored by Senator Andrew Lanza (R-I-C, Staten Island): honors disabled veterans who sacrificed their health and wellbeing for the safety of our country by authorizing local governments to provide a property tax exemption to 100-percent-disabled veterans who served in a combat theatre or combat zone of operations, or their unmarried surviving spouses.

S3931 sponsored by Senator Lee Zeldin (R-C-I, Shirley): extends the alternative veterans' property tax exemption by local option to active members of the military. Currently, only honorably discharged veterans are eligible for the exemption.

S6429 sponsored by Senator Pat Gallivan (R-C-I, Elma): authorizes local governments to create a property tax exemption for active duty military forces and reservists that are ordered to active duty.

S6781 sponsored by Senator David Carlucci (D, Rockland County): encourages more school districts to authorize a veterans' property tax exemption by giving school districts the authority to repeal the benefit in the event of a negative change to the district's economic circumstances. Some districts have not enacted the tax exemptions for veterans because of concerns it could not be reversed in the future if the need arose.

S1435 sponsored by Senator Michael Ranzenhofer (R-C-I, Amherst): assists active duty combat veterans by allowing municipalities to grant the additional combat veteran property tax exemption to persons who have been discharged from the service, then re-enlisted, served in combat, and are now returned and residing in New York State, but have not yet been again discharged. Soldiers who have returned to New York from combat in places like Iraq and Afghanistan, but who have not yet been discharged from service, have found that

although they are eligible for the regular 15 percent veterans' exemption as a result of their earlier discharge, they are not eligible for the additional 10 percent combat exemption because they have not been discharged from their subsequent service.

S3572A sponsored by Senator James Seward (R-C-I, Oneonta): exempts certain non-profit veterans organizations from tax on non-highway diesel motor fuel used for heating purposes.

Expanding Veterans' Benefits

S6821 sponsored by Senator Lee Zeldin (R-C-I, Shirley): provides a 60-day stay of suspension and revocation of licenses and registrations of military service personnel while on active duty, and would additionally reverse in absentia convictions of vehicle and traffic violations of such military service personnel while on active duty, without prejudice for refiling.

S1963 sponsored by Senator Joseph Griffo (R-C-I, Rome): allows those with military service and an honorable discharge to attend classes at the State University of New York (SUNY) and the City University of New York (CUNY) on a tuition-free audit basis.

S1978 sponsored by Senator Joseph Robach (R-C-I, Rochester): makes college more affordable for those in military service by including active duty and honorably discharged veterans who attend college under the new GI bill within the definition of resident for in-state tuition eligibility at community colleges and state-aided four-year colleges.

S1051 sponsored by Senator George Maziarz (R-C, Newfane): changes the eligibility dates for a military service recognition scholarship to include conflicts that occurred after June 1, 1982, including Lebanon (1982), Grenada (1983), and Libya (1986).

S7617A sponsored by Senator Dean Skelos (R, Rockville Centre): allows veterans holding a federal Golden Access Passport or federal Access Pass to be able to access state recreational

facilities free of charge.

S5735A sponsored by Senator Lee Zeldin (R-C-I, Shirley): requires the Division of Veteran Affairs to maintain a fact sheet on their website containing contact information for all veterans' integrated service networks located within the state and contact information for the United States veterans health administration. Hospitals will then be required to provide veteran patients with a copy of the fact sheet maintained by the division.

Honoring Veterans and their Families

S6160 sponsored by Senator Kathleen Marchione (R-C, Halfmoon): authorizes the adjutant general of the State of New York to present a medal known as the "New York State Korean War Service Medal."

S6161 sponsored by Senator Kathleen Marchione (R-C, Halfmoon): authorizes the adjutant general of the State of New York to present a medal known as the "New York State Vietnam War Service Medal."

S4198 sponsored by Senator Patty Ritchie (R-C, Heuvelton): establishes a "Bronze Star Recipient" and "Silver Star Recipient" license plate to be issued by the Department of Motor Vehicles upon proof that the applicant is a Bronze or Silver Star recipient, or the spouse of a recipient. The DMV already issues plates for Purple Heart recipients.

S970A sponsored by Senator Tom Libous (R-C-I, Binghamton): establishes a "gold star father" distinctive license plate to the father or the spouse of a father of a fallen soldier. A "gold star mother" plate has been available since 1991.

S3554 sponsored by Senator Joseph Griffo (R-C-I, Rome): upon surrendering a set of "gold star mother" license plates, this bill would allow the gold star mother to keep and retain one of the plates for commemorative purposes.

S7122 sponsored by Senator Michael Nozzolio (R-C, Fayette): creates a "New York State Veterans Remembrance" license plate that can be issued to a veteran or spouse of a veteran.

S3869 sponsored by Senator Michael Nozzolio (R-C, Fayette): provides legal protections for veterans memorials in New York State by establishing official recognition for the importance these memorials serve in honoring the sacrifices of our veterans. The bill is in response to actions taken by some municipalities and school districts that removed war memorials from their property without providing for the preservation, moving or replacement of the memorial.

Earlier this session, the Senate approved veterans legislation, sponsored by Senator Ball, including the following measures:

S6865 (signed into law): creates the "Service-Disabled Veteran-Owned Business Act" to ensure New York's service-connected disabled- veteran owned small businesses are better able to compete for millions of dollars in state contracts by creating a six percent state contract set-aside.

S2655A: protects the voting rights of active duty service members who make the ultimate sacrifice by requiring that the ballots of deceased military personnel be counted toward the election for which they were cast.

S2652 : authorizes local governments to allow a veteran, or the unremarried surviving spouse of a veteran, who was receiving a veterans exemption on real property within the county (or New York City) to continue to receive the exemption if they move to a new home within the same county (or within New York City).

S3507A: removes the issue of military deployment as a factor in the consideration for awarding child custody when a suitable child care plan is presented.
