

NEW YORK STATE SENATOR

David J. Valesky

Statement From Senator David J. Valesky on Passage of Medical Marijuana Legislation

DAVID J. VALESKY June 25, 2014

| ISSUE: **HEALTH, DRUGS, HEALTH CARE**

I supported this legislation because I believe it is about compassionate care, and will provide comfort and relief to people with serious medical conditions. I am satisfied that the program will be highly regulated to ensure the drug goes only to those who need it.
