Senator Martins Kicks Off Holiday Toy Drive to Benefit Children in Winthrop University Hospital

JACK M. MARTINS November 26, 2014

Residents & Community Groups Invited to Donate New, Unused Toys to Benefit Children in Winthrop's Hagedorn Pediatric Inpatient Center

Senator Jack M. Martins (R-7th Senate District) is inviting residents to participate in his annual holiday toy drive.

Residents and community organizations are invited to donate new, unused toys to the program. All toys collected will be donated to children in Winthrop University Hospital's Hagedorn Pediatric Inpatient Center.

“Nothing brings a smile to a child’s face like the gift of a new toy, and that’s even more important for children in the hospital who are going through tough times. I invite residents to participate in this program and help bring some extra holiday cheer into a child’s life,” said Senator Martins.

Residents or community groups who would like to participate in Senator Martins’ annual Holiday Toy Drive can call his office at 516-746-5924 or drop toys off at his district office (252 Mineola Boulevard, Mineola).
