Senator Martins Sponsors Community Basketball Clinic for Children

JACK M. MARTINS January 12, 2015

Senator Jack M. Martins (R-7th Senate District) recently sponsored a free basketball skills challenge camp for local elementary school children. The program was held at Dutch Broadway School and Elmont Memorial High School in Elmont.

The program allowed children to learn about the game and develop their skills, including ball handling, shooting, positioning, and footwork. Local athletes and coaches, as well as college and professional players, served as instructors at the event.

Senator Martins is pictured with the players and coaches who took part in the recent basketball clinic he sponsored in Elmont. They are joined by Hempstead Town Clerk Nasrin Ahmad.
