

NEW YORK STATE SENATOR

Robert G. Ortt

Senator Robert Ortt Sponsors Legislation to Repeal Safe Act

ROBERT G. ORTT January 15, 2015

On the second anniversary of the signing of the NY SAFE Act, Senator Rob Ortt (R, C, I – North Tonawanda), along with other state lawmakers, is pushing to repeal the law.

Sen. Ortt has sponsored a handful of bills introduced by State Sen. Kathy Marchione (R, C, I – Halfmoon) and State Sen. Mike Nozzolio (R, C, I). The bills would completely overturn the unconstitutional SAFE Act.

“The SAFE Act was a terrible piece of legislation passed in the dead of the night without proper public or even legislative input. It failed to protect a single New Yorker, turned law-abiding citizens into criminals, and infringed on our constitutional rights,” said Sen. Ortt.

Sen. Ortt is proud to put his name alongside Sen. Marchione’s and Sen. Nozzolio’s bills. Together, they are all committed to protecting the Second Amendment.

“When I was elected as Senator, I vowed to be the voice of many concerned constituents who vehemently said they wanted this law repealed. I want those people to know I have not forgotten about them,” said Sen. Ortt.

The bills include amending the criminal procedure law and other laws relating to the suspension and revocation of firearms licenses; private sale or disposal of firearms, rifles, or shotguns; amending the penal law in relation to large capacity ammunition feeding devices.
