Senator Jack M. Martins (R-7th Senate District) announced that he has secured state funding for new electronic resources at the Shelter Rock Public Library.

The Library is using the \$25,000 in state funding to purchase subscriptions for programs that will enhance services for residents. Using the subscriptions, patrons will have access to a wide variety of downloadable music and e-books.

“The Shelter Rock Public Library provides a wealth of programs, services, and resources for residents. This funding will allow the Library to deliver even more services to residents, and I’m pleased to support their efforts,” said Senator Martins.

“Our patrons greatly appreciate access to the Nassau Digital Doorway Advantage E-book Program and the new Freegal service which enables them to download and stream music from many genres. Senator Martins’ grant gives us the ability to provide services that might not otherwise be possible,” said Shelter Rock Public Library Director Andrea Meluskey.
