My favorite part of this job is meeting and speaking with my constituents, and with a Senate District as large as ours, we feel it's important to bring our staff out to the various communities we serve. Toward that end, we are proud to continue our off-site constituent services hours each day (except Fridays) in neighborhoods throughout the 29th Senate District. We will have a staffed table at local libraries, senior centers, government offices and other various locations in the community, ready to discuss your issues and concerns.

Feel free to meet with us to discuss your housing, health insurance, employment issues, or any other issues you're facing - or if you'd just like to ask a questions about the work I do, or have a suggestion for how to make our community better - please know that we love speaking with you! Please bring any pertinent paperwork you may have regarding the issue you wish to discuss. We hope to see you at any of the below locations!

Please note: locations may change from month to month. At the beginning of each month we will send out a schedule with updated locations, so please have a look!
