STATEMENT FROM THE SENATOR

Andrea Stewart-Cousins
Senate Democratic Leader
New York State Senator, 35th District

“As discussions regarding a commission to reform New York’s education system continue and details begin to emerge, it is becoming clear that this potential commission is unworkable. Any commission created to review and amend our education system must be balanced and include representation from all stakeholders, not simply a select few. The priorities of this commission should be to improve the quality of education our students receive, and not simply continue the demonization of teachers.”
