STATEMENT FROM THE SENATOR

Andrea Stewart-Cousins
Senate Democratic Leader
New York State Senator, 35th District

“Rushing to implement a new teacher evaluation system would be misguided. We’ve been down this road before and we’ve seen where faulty and fast implementation of poorly conceived education changes leads. Demonizing teachers, over-testing students and rushing major reforms will not improve our education system, it will only cause more problems. Delaying the implementation of this new teacher evaluation system is the minimum step

that should be taken.”
