(Bronx, NY)- Senator Serrano met with his constituents at the Mitchell Houses Senior Center in The Bronx for his Bronx Constituent Services Hours. The Senator provides off-site constituent services hours each day (except Fridays) in various neighborhoods throughout the 29th Senate district. His office sets up a table at local libraries, senior centers, government offices and other various locations in the community, ready to discuss your issues and concerns.

"My favorite part of my work is meeting and speaking with my constituents from all over the 29th Senate district. Holding off-site constituent services hours, in addition to our daily constituent services at my district office, has really helped us reach and help so many more of my constituents. Many thanks to the great folks at Mitchell Houses Senior Center for hosting us in their space for our constituent services hours," said Senator Serrano.
