Senator Serrano on Mayor de Blasio's OneNYC Plan

JOSÉ M. SERRANO April 21, 2015

(New York, NY)- Senator Serrano commended New York City Mayor Bill de Blasio on the launch of "One New York: The Plan for a Strong and Just City" (OneNYC), a comprehensive plan for a sustainable and resilient city for all New Yorkers that addresses the profound social, economic, and environmental challenges ahead. OneNYC broadens prior long-term sustainability plans for New York City and expands on the critical targets established under previous plans.

"I applaud Mayor de Blasio for his efforts to expand upon the successes of PlaNYC, to help build a healthier and more equitable NYC. The initiatives outlined will enable all New Yorkers access to a better quality of life by providing healthy food alternatives and exercise equipment, while ensuring healthy homes and access to broadband to bridge the digital divide," said Senator Serrano.
