(Bronx, NY)- Senator Serrano, along with Assemblywoman Latoya Joyner, co-sponsored Council Member Vanessa L. Gibson's Community Meeting for River Park Towers residents. The town hall meeting was held at Roberto Clemente State Park in the Highbridge section of The Bronx and gave residents and officials an opportunity to discuss current conditions and areas in need of improvement. The Senator highlighted the need to preserve and protect affordable housing in all areas of our community.

"Community meetings are a great opportunity to hear from our constituents on issues or concerns they most care about. I believe we had a productive conversation and I enjoyed getting to hear from my constituents at River Park Towers. Many thanks to Council Member Gibson for her organizing this important town hall," said Senator Serrano.
