August 26, 2015

Senator Jack M. Martins (R-7th Senate District) recently thanked Larry King of Floral Park for serving as a student intern in his district office this summer.

During his internship, Larry assisted Senator Martins and his staff with community programs, research, constituent services, and informational outreach. Larry is entering his senior year at Chaminade High School and is interested in attending one of the United States service academies after his graduation.

“Larry is a hard worker who did a great job this summer. My staff and I enjoyed having him be part of our office. We wish him good luck in his senior year,” said Senator Martins.
